

VM2000

2 Line Speakerphone

with Voice Mail Navigation Buttons

Up To 2 Lines

Access up to two separate phone lines at the touch of a button. You can place any call on hold and switch to another line.

Jumbo Size Backlit Liquid Crystal Display

Super large backlit LCD for easy viewing, even in the dark. Shows number dialed, clock, calendar and full caller ID information.

DSL-Ready

Phone has a built-in DSL filter, eliminating the need for any external DSL filters.

Visual Message Waiting Indicator

Flashing lamp indicates new messages in your Telephone Company voice mailbox. This lamp is both FSK and stutter dial tone compatible, and is also 90V compatible.

Voice Mail Button

Press this button for easy one-touch access to Telephone Company voice mail.

Voice Mail Navigation Buttons

The voice mail navigation buttons on the telephone (Play MSG, Back, Forward, Repeat, Skip, Pause, Exit, Save MSG, Erase MSG, Send MSG, Reply to MSG, Forward MSG, Time/Date, and Help) work with Telephone Company voice mail, and are preset with all the appropriate codes.

Network Services Button

Press this button to access a preprogrammed list of Telephone Company services, for easy one touch access.

Caller ID on Call Waiting

For each line subscribed to this service, you may view the caller ID information for all incoming calls, including Call Waiting calls.

99 Name and Number Caller ID List

Phone automatically stores the name, number, date and time of the 99 most recent calls.

Caller ID Display Dial

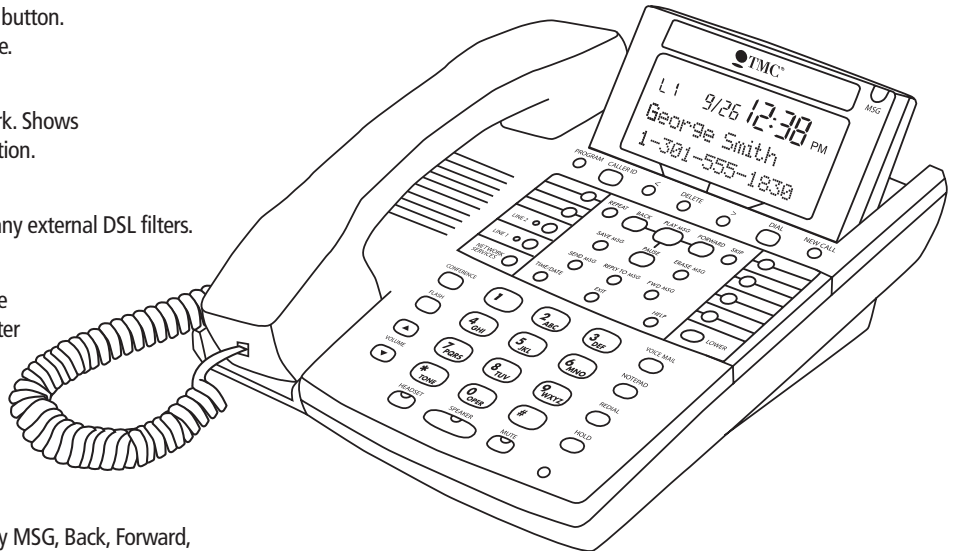

Any number in the caller ID list can be dialed at the touch of a button.

New Call Lamp

See at a glance whether you have received any new calls since you last viewed your caller list.

Personal Directory Dialing

Store up to 80 names and numbers, for easy dialing from your telephone.

Toll Restriction

Allows you to restrict specific numbers and prevent unauthorized calls.

Headset Jack

A dedicated 2.5mm headset jack with a dedicated headset button and a built-in headset amplifier make adding a headset easy and convenient.

Data/fax Jack

Easily connect a fax or computer modem to your phone.

Distinctive Ringing

You may assign one of eight distinctive rings to each line separately, especially useful in Centrex applications.

Dual Color Line Status Indication

Line lamp lights green if you are using the line, or red if someone is using the line at another station.

Self-setting Clock

Clock is automatically set by the incoming caller ID information.

Auto Call Timer

Every call is automatically timed in minutes and seconds. Great for account billing and controlling long distance usage.

Hands Free Speakerphone

High quality speakerphone allows you to enjoy hands free conversations.

Other Features

Programmable flash timing, Tone/Pulse switchable, 5 number redial list, Auto line selection, Static memory, Hold with reminder, Mute, Predialing, and Hearing aid compatible.

Two Year Warranty
